Steam Engineering: Introduction and Current Practices

Kam Vatnani PEng & Tony Eckert
Spirax Sarco Canada Limited

This talk will provide an introduction to steam engineering. This may be an old topic but there are many new developments that a practicing engineer should know. Topic will cover:

Steam Generation, Distribution, Utilization. Design of Steam & Fluid System. Water hammer & corrosion problem with Steam Systems.

This topic will be useful to all engineers especially those with Process, Mechanical, Piping, Design, Operating Engineers and Power Engineering background.

Kam Vatnani is a professional engineer with 20 years of experience. He is with Spirax Sarco more than 16 years.

Tony Eckert has 28 years of experience and he is with Spirax Sarco more than 8 years.

Tuesday, February 28, 2006, 6:00PM - 7.30PM
